Clarifying the Call 2025 IFAB Law Changes *Key Points for Youth Games*

Key Law Changes for 11v11 Outdoor Matches, Select Level and Above:

- Five-Second Countdowns: Designed to eradicate stalling, referees will use a visual 5-second count for delayed throw-ins and goal kicks. Exceeding the limit results in an immediate turnover of possession or a conceded corner kick to the opponent.
- Ten-Second Substitution Limit: Outgoing players must exit the field via the nearest boundary line within 10 seconds. Failing to do so forces the incoming substitute to wait 1-minute on the touchline, leaving the offending team temporarily down a player.
- DOGSO Advantage Clarification: Under updated Law 12, cautions are now removed for an advantage-played Denying an Obvious Goal-Scoring Opportunity (DOGSO) that successfully results in a goal.

Reminder for all age levels – jewelry is not permitted!
